

### **Solar Mars Gas Turbine**

The Mars® gas turbine has been engineered for very high reliability and durability as well as ease of maintenance. Like Solar's other gas turbine families, Mars gas turbines are available for compressor, generator, and mechanical-drive applications.

### **Mars 100 - Gas Compressor Packages | Solar Turbines**

Solar Turbines' Mars 100 gas turbine power generation packages can provide combined heat and power for all industrial applications, including institutional, renewables, commercial, and electric power, while driving a variety of generator configurations.

### **Mars 100 - Power Generation Packages | Solar Turbines**

Solar Turbines provides gas turbine packages and services for oil and gas and power generation industries, including gas compressor restage and overhaul, service parts, gas turbine overhaul, machinery management, technical training, modular solutions, and microgrid energy storage solutions.
